The Settlement with England

CHICAGO Nov 28 — A special to the *Tribune* says Mr Seward still refuses to give any information about the Alabama treaty question It has been ascertained, however that the informal agreement between Minister Johnson and Lord Stanley contains no essential points different from the statement already telegraphed The talk here is that they do not so much object to the provisions of the third article, whereby all England's responsibility for recognizing the Southern Confederacy are waived as to the scope of the first article whereby our Government is bound to pay all British claims made up for the last fifteen years Under our laws as they now stand, even the most loyal Southern claimants cannot get damages from our Government Johnson [illegible] that the treaty would bind us to pay [illegible] not only of British subjects who indirectly [illegible] the South during the rebellion but of Englishmen who lived in the South during that period and did all that they could to overthrow the Union There is reason to believe that Mr Seward has sent dispatches to Mr Johnson notifying him that our Government could not accept the proposed protocol

The Difficulty with Paraguay

WASHINGTON Nov 27 — The note of the Secretary of State to the Secretary of the Navy here [illegible] published is understood to indicate orders which have been given Gen McMahon and Admiral Davis on the subject of the Paraguayan difficulty

DEPARTMENT OF STATE,
Washington Nov 17

To Gideon Welles Secretary of the Navy

SIR Dispatches were received yesterday from Charles A Washburne late U S Minister to Paraguay which were written at Buenos Ayres September 27th The dispatch shows that a controversy has been carried on for some time between him and the President of Paraguay The merits of the controversy cannot be well understood until a copy of the correspondence shall have been received which is duly expected In the meantime Washburne's dispatches conclusively show that the situation of all foreigners, including United States citizens at Asuncion was greatly imperiled especially Porter C Bliss and George F Masterson lately in some way connected with the United States Legation They have suffered personal violence and have perhaps been murdered

A dispatch has been received from Webb Minister at Rio in which he states that he requested Rear Admiral Davis commanding the South Atlantic Squadron to send or proceed with an adequate force to Asuncion to protect American citizens Webb is unable to inform this Department whether Admiral Davis would assume the responsibility of complying without special instructions from this Government The situation thus presented seems to me so critical that I have thought it my duty to advise the President that Rear Admiral Davis should be instructed to proceed with an adequate force at once to Paraguay and take such measures as may be necessary to prevent violence to the lives and property of American citizens there and in the exercise of sound discretion to demand prompt redress for any extreme insult or violence that may have been arbitrarily committed against the flag of the United States or their citizens

I have the honor to be your obedient servant

This in[illegible] flow of water is particularly noticeable in the Coast Range including the counties of San Mateo and Santa Cruz We cannot say that every stream has been affected in this way, but probably some increase of water will be noticed in all the more important streams The same results were noticed after the earthquake of 1865 Mills were operated which had heretofore been idle, and important incidental benefit was realized The shake' we presume clears the crevices of rocks and the increasing obstructions to springs all the feeders are freshed in this way and the aggregate is very perceptible where the diminished supply had been inconveniently small If the present winter should be a dry one of which there are some increasing indications the increase of water in brooks and rivulets would be a most substantial benefit Generally these results are manifest for a year or more And who knows but this starting of the water fountains is something done in the nick of time —*Bulletin*

Hoping for Treason

Since the election Democratic presses and orators have all turned prophets and gone to predicting that President Grant will follow the illustrious example of A. Johnson and turn out to be a full fledged Copperhead. Under the inspiration of this bright hope they are drying their tears and seeking consolation for their defeat. Vain and empty as this expedient is there appears to be in it

> A pleasing sorcery that charms
> Pain for a while, or anguish, and excites
> Fallacious hope

for every Democrat in the land is now expressing himself as fully satisfied with Grant and predicting that his accession to the Presidency will divide and destroy the Republican party.

Those who base all their political hopes on the expectation of Grant's betraying his party would do well to remember in the first place that there is no precedent for the event which they so anxiously anticipate. No man elected President has ever betrayed the party that elevated him to power. Treasons of this sort have been committed by Vice Presidents, but by Presidents, never. Again, Grant has supported all the great principles and measures of the Union Republican party from the day of Sumter, that new starting point in our politics, to the present time. His fidelity to those principles and measures led him only a few months ago into an open conflict with the Executive, though he knew that every attempt would be made by Johnson and his tools in office to impugn his honor and destroy his character before the country. What man ever went through a more trying ordeal for the sake of his principles than Grant passed through with such signal success on that occasion? What sign of apostasy can Democrats, though skilled in treasons, see in such a man?

We do not suppose that Grant as President will have no will whatever of his own. We even anticipate that he may sometimes differ from Congress and perhaps use his veto. But he will differ as Lincoln differed. There will be no high words, no defiance on either side, but merely a difference of opinion. There will be a mutual recognition of good intentions, and consequently mutual confidence. There may be inconsiderate Republicans who will take offense at Grant because he will not listen to them, and make war on him as they made war on Lincoln, but Grant, by treating all with fairness and adhering to a consistent course, will retain the confidence of his party. This we are sure is a fair inference from his past conduct. General Grant is a man who freely and upon conviction of right approves the measures and principles of the Republican party, and he is made President by its votes for the sole purpose of carrying out those principles. Any person can judge for himself what a man of honor would be likely to do in this position, and judging thus he will then know what course Grant will pursue.

HANDSOMELY SAID.—At the late election the State of Iowa, by an overwhelming majority, adopted a constitutional amendment giving colored citizens the right of suffrage. The newly enfranchised citizens of the State held a meeting at Des Moines in honor of the event, which was addressed by S. T. Wells (late nigger) who said: "Now, my friends, as black as I am, and as low down as I am said to be by the Democrats, do you think I would shake hands with Hampton, Forrest, Beauregard or such men. If you do you are mightily mistaken. * * * There is another thing, the Copperheads are not going to buy our votes with whisky. Not only this, but when you want some votes for temperance, call on us. When you want help to put down any more rebellions, call on us, and whenever you want to put down Copperheadism, call on us. Gentlemen of Iowa, we couldn't, oh! we don't know how to tell you how thankful we are for giving us the ballot. I have longed for the day when I could say "[illegible] to you," and I want to make one more [illegible] before I die. I want to speak in [illegible] county, Virginia, right in front of the post office, where I once received fifty lashes for attending a Sunday school." Truly the days of "Democratic civilization" are no more!

THE FARMER'S OPPORTUNITY.—The present autumn has been one of the most favorable ever known for the Oregon farmer. The opportunity for plowing and sowing grain has been unusually good. Sufficient rain has fallen to put the ground in good order for working and the rains have not been so heavy as to interfere with farm labor. Yet we think no great preparation is making for the next year's crop. Certainly this is not because opportunity is wanting. Our farmers work too much by fits and starts. This year they had good crops, but the low price of grain may deter them from a like effort next year. This is not the way to manage so as to have grain on hand to meet a good market season.

USURPATION.—The Atlanta (Ga.) Constitution says: "Though the general result be against us, yet we of Georgia have the proud consciousness of having fought the good fight and won the victory. Every breath of the wind brings us the glorious intelligence that this great State has done her whole duty in the contest and that Democracy triumphant has sounded the death knell of Radicalism within her borders." Georgia, it will be remembered, is one of those States in which there has been so much Congressional usurpation and military despotism. It was in Georgia, especially, that Blair said Grant's bayonets thrust hard at the throats of white men to make them vote as he pleased. Did Grant with his bayonets carry Georgia against himself? or are Copperheads not to be believed?

THE RIGHT KIND OF TALK.—Gen. Dent, brother in law of Gen. Grant, and a member of his staff, took occasion to say, when called up to receive congratulations on the result of the election, that Gen. Grant would take care that every citizen throughout the land should receive equal and exact justice. Mr. Colfax, on his way east, said in several of his public speeches that the great mission of the Republican party is to secure liberty for all, justice for all and protection for all. This in substance is what Gen. Grant said himself should be secured if he were elected. Those Copperheads who imagine he will prove false to these great principles gratuitously deceive themselves.

NEVER TO RETURN.—Beriah tells a story of the manner in which Buchanan used to manage public business and feelingly asks: "When shall we see a return of those days?" We beg the fossil of '58 to be consoled, but the days of Buchanan, Floyd, Cobb and Toucey are never to return. The country has had enough of their way of managing its affairs. That last dose of "Democracy" was enough.

Eastern Counties and their Cost

The [illegible] publishes the following article which is certainly well timed:

The delivery of four prisoners to the Penitentiary from Umatilla county at an expense of $1,100 gives occasion for a little fault finding. With the exception of Wasco county, which has always paid more into the treasury than she has cost, and Grant county, which did so for one year, all the counties east of the Cascades have been a burden to the State. The revenue paid by these counties, excepting the two named, have never been sufficient to pay the expenses of bringing their prisoners to the Penitentiary, and what sums were legitimately due the State from them have been remitted by the Legislature.

Only at the last session of the Legislature Union county had a relief bill passed, and a similar law was passed at a previous session in favor of Baker county. That portion of the country only served at the expense of the Western part of the State.

By their aid the wishes of a majority of the people living West of the Cascades, who furnish the money to run the State government, are thwarted. How costly a toy is a county that the State may go Democratic! [illegible] men who here and demand that these other measures shall be passed and that great [illegible] may be exactly as [illegible] benefited thereby, and yet they [illegible] their judicial expenses or those incurred by their representatives coming to the Legislature.

If any improvement in the future could reasonably be expected more patience would be exercised. From the Secretary's last report there are from these counties delinquent taxes due the State amounting to $9,920 11. When will this sum be paid? Will it be this year or next? When will the delinquent tax stop accumulating? A change in the financial policy is certainly needed.

With these facts apparent it is no wonder that there are persons found to advocate the division of the State and Territory of Washington with the Cascade mountains as the boundary, thus forming a State that would be self sustaining.

All intelligent persons perceive that affairs in the eastern counties are getting into such a condition as to call loudly for a remedy. The prime source of all the difficulties which those counties experience for themselves and entail on the rest of the State is the heavy Democratic majorities with which they are cursed—majorities made up from an unsettled class who have neither residence nor property and who are therefore utterly irresponsible. A Democratic nomination being equivalent to an election, worthless men in many cases are placed in office and the counties each year run deeper and deeper into debt. Assessments of taxes are often unpaid because the Democratic citizen of that region has no local habitation and the tax collector is unable to find him. The consequence is that most of the eastern counties are celebrated for nothing but delinquent taxes and Democratic majorities, the former bringing financial embarrassment upon the State and the latter placing the political control of the State in Democratic hands. Eastern Oregon remains as one of the few places where Democracy predominates and until that party is routed from there those counties will be a continual burden to the rest of the State.

DEMOCRATIC GAINS.—The milk sop of the Herald is not alone engaged in figuring up "Democratic gains." The New York World, in an article on the "Decline of Radicalism," consoles itself with the facts that Massachusetts, which gave 79,000 majority for Lincoln in 1864, gives Grant a majority of only 77,000, and that "the magnificent central State of Kentucky," Nasby's "Confedrit Cross Roads," nearly doubles its Democratic majority of four years ago. The World forgets to tell its readers the principal cause of these differences, which is the same in both cases. In 1864 the Kentucky Democracy in large part were in the rebel army, while those of Massachusetts had urgent business in Canada about that time. However, if Democratic newspapers, in the face of Grant's three fourths of the electors and 500,000 popular majority, can cipher out the decline of Radicalism, why, let them. It would be cruel to deprive them of all consolation.

BEFORE AND AFTER.—During the late canvass Frank Blair proclaimed upon every stump that Gen. Grant was at heart a despot, that he sought imperial powers, that he would destroy the liberties of the country if elected President, and would never leave the White House during his life time. This opinion was indorsed and echoed by his supporters and a strong attempt was made to scare the people with the idea that General Grant would prove an usurper and make himself dictator. But now that the election is over, we hear no more of these alarming prognostications. On the contrary the Copperhead papers are filled with predictions that he will be very "conservative" and eventually become a Copperhead. It is very singular with what different vision some people see a man a few days before he is elected and a few days after that event.

PENNSYLVANIA.—The official vote of Pennsylvania is as follows: Grant, 342,280; Seymour, 313,382. Grant's majority, 28,898. Total vote 675,652. The Republican majority in October was 9,677, which shows a gain of 18,221 votes for Grant. Most of the frauds which were perpetrated in October were prevented in November, which accounts for half the majority,—the Republican gain in Philadelphia alone being over 5,000. Four years ago the vote stood Lincoln 296,381, McClellan, 276,316. Lincoln's majority 20,075. Total vote, 572,697. Increase in the vote of the State in four years 72,965.

STANTON.—The New York Sun places the speeches of Mr. Stanton at the head of all those made on either side in the late campaign. It characterizes his efforts as those of a great orator who handled his topics with masterly force, and thinking with passion, couched his ideas in strong, compact and often picturesque language. It intimates its desire that they should be collected and published in book form.

MARYLAND.—This State gives Seymour 31,847 majority, the vote standing thus: Grant 30,[illegible]; Seymour, 62,447. One year ago the Democratic majority in the State was 41,011.

Says the Jacksonville Sentinel: "O. Jacobs, Judge Prim, Sheriff Reames and our old friend Wrisley started on a hunt on Tuesday. They took a small blue keg with them and started off in splendid spirits. Jacobs is to shoot, his Honor to skin and Reames drag the game to camp, while Wrisley will see that the little keg is not run over." We only charge a saddle of venison or a leg of pork for this handsome notice.

The Polk county Signal says: "It is thought that Senator Williams squandered from fifty to seventy five thousand dollars in this State—greenbacks—furnished him at the East to carry Oregon with." Wonder how many sturdy Democrats parted with their votes for a share of those greenbacks? And if the general sale of Democratic votes is what reduced Democratic majorities so much?

Mr. George Wilkes proposes that Congress shall modify the naturalization laws so that all foreigners coming to this country to live shall enjoy the right of voting on the same terms as native born citizens—that is to say after one year's residence in the State, four months in the county and thirty days in the district. The same writer would also have the voter deposit his photograph when he registers his name, to be used in identifying him when he comes to vote. That is not a bad idea either.

More than 1,200 varieties of postage stamps are in use.

Arkansas Ku Klux Outrages

MEMPHIS, Nov 28.—The Appeal's Arkansas correspondent says that on the 10th, a body of two hundred men claiming to be militia men entered the town of Centerpoint, arrested all the white citizens, marched them into an open field, placed a guard over them and proceeded to sack the town, after which they left. Next day the citizens flocked into town and a meeting was gotten up to express the sentiments of the people in regard to the outrage. While the meeting was progressing the same body dashed into town and made an indiscriminate fire upon the people, shooting down a number of them, arresting three of the oldest and best citizens, carried them out into the field and shot them. The band is still in possession of the town.

OUR SAN FRANCISCO DISPATCH

SAN FRANCISCO, Nov 29.—Gov. Haight received from General McClellan a reply to his telegram informing him of his election to the Presidency of the State University. The General declines the position on the ground that the salary, $6,000 in coin, is insufficient. He is at present getting over $15,000 in greenbacks for his services.

The [illegible] says: "It is worthy of note as a matter of fact and as a matter of justice that at the election on Tuesday, for the first time, a large body of the Irishborn citizens of [illegible] abandoned the Democratic ticket and voted for the Republican candidates. On Tuesday last the [illegible] by which the Democratic party held the Irish of this city was broken. Two thousand of these men either openly or silently went to the polls and voted for Grant and Colfax to preserve the national credit. They declare themselves tired and disgusted with the rule which has kept them separated in all things from their American, German, Scandinavian and other fellow citizens."

The world's tobacco crop is 419,100 tons annually.

CHARITY.—A large class of people professing to be virtuous on many occasions forget that to be charitable to a fellow being is the least virtue a person can possess. It is not always by giving money to the poor or assisting them [illegible] is it not a charitable act toward that person to recommend them to go to Kohn & Fishel, to be certain that at that House they can purchase at the lowest rates and receive good goods, and where the most particular can be satisfied!

STATE ITEMS

The "Albany Legislature" is organized and in running order for the winter.

Mrs. Hubbard, of Polk county, who was shockingly burned a few weeks ago, died a few days since.

The Linn County Teachers' Institute will be held at Brownsville, commencing on the 24th of December. This will be the seventh semi-annual session.

Judge Boise will hold a special term of the Circuit Court for Linn county on the 12th December for the purpose of trying Lyman W. Pomeroy, charged with causing the death of his wife by poison some nine years ago.

The Albany Register urges that city to buy a fire engine. It says: "Several citizens have offered to build fire cisterns at their own expense provided the town will procure an engine. At present we are perfectly defenceless, and can do nothing in case of fire but stand and let it burn."

A circular signed by the Executive Committee and Superintendent of common schools of Marion county [illegible] that the [illegible] session of the Marion County Teachers' Association will convene at Salem December 28th and continue three days. A general invitation is extended to all.

From the Sentinel we learn that the surveying party of David D. Major, now engaged in running the boundary line between Oregon and California, has reached Kilbrews on the Klamath. There is every probability that the line will be established south of Cottonwood, thus placing that town in Oregon.

The Corvallis paper says: In addition to the revivals of religion spoken of last week, Lebanon, Linn county, is also sharing spiritual prosperity under the labors of Rev. P. M. Starr, and local preachers of the M. E. Church. Other churches are also being revived, and the Good Templars are not a whit behind.

The [illegible] of Saturday says: Last evening, while all about the premises of the Capital Hotel were at supper, Geo. Williams, who had been employed by the Mann Brothers as book keeper for several days, opened the safe in the bar room and took a purse belonging to one of the boarders containing $110 and absconded.

The Roseburg paper says that the rich surface diggings known as the Randolph Claim, in Coos county, are attracting considerable attention. There are at present three wealthy companies organized and at work with great profit. Streaks of sand have been found so rich in the precious metal that one man could take out from $40 to $50 per day.

The Gazette notes the following improvements at Corvallis: The carpenters are busy at work finishing up Mr. Fisher's new brick. Mr. McCune's saw mill is raised and the roof on. Mr. Geo. P. Wrenn is erecting a fine residence in the southwest part of town. Other improvements are going forward, clearly indicating that Corvallis is "not dead."

The Yamhill Courier says: M. B. Hendrix, of Wheatland, in this county, had his store broken into last Monday night and about four hundred dollars' worth of clothing and a small amount of money taken. The robbers came there in a skiff, landed below the town and left some marks by which it is hoped they will be recognized and brought to justice.

ARMED TO THE TEETH—Is a very common expression but we think armed to embellish and preserve them to a ripe old age is decidedly more beneficial and appropriate—this can only be done by keeping yourself always supplied with a bottle of that renowned and imperial article, delight of every lady and gentleman s toilet, the fragrant Sozodont

Always ready for use SPALDING s GLUE

A distinguished Methodist Minister and prominent Temperance Lecturer once remarked that go where he would from one end of the country to the other he hardly ever failed to find PLANTATION BITTERS and while he condemned the practice of using these Bitters too freely he could not conscientiously say that he would discard them from the sideboard for he had himself experienced beneficial results from their use and that from a long and close observation he was convinced that when used moderately and as a medicine exclusively they were all that was recommended At the same time he warned his hearers not to pull the cork too often, for they were far too pleasant a drink to trifle with

Finally the chairman [illegible] meetin—he who hed call'd us [illegible] markt that it hed been evident [illegible] sum months that the Dimocratic ship [illegible] trubbled waters. The seas wuz [illegible] clouds wuz lowerin, the thunders [illegible] rible, the litenins wuz [illegible] ship—not so stanch ez she [illegible] sprung aleak and wuz hardly kept [illegible] above water. Bad pilots hed driven her up [illegible] several rocks, Vermont, Maine, Ohio, [Penn]sylvany, Injeany and West Virginny, [illegible] wuz plain to the [illegible] suthin must be did or she would go down in November with all on board. The[re] wuz a Jony som where in the ship wich must be thrown overboard. The original Jony hed a whale prepared for his resepshun. He hoped our Jony would find such a one, but [illegible] he must go, whale or no whale. That he mite with some degree uv accuracy determine jest who wuz that Jony, he hed addressed to the principle members uv the party confidenshal letters—askin their views. Their letters hed been ansered and he wood read their ansers. The first wuz from Horasho Seymore, our gallant standard bearer, and red ez follers:

UTICA (N. Y.), Oct 16, 1868.

SIR: I accepted the nominashun unwillingly, ez the fact that I wuz perpetually [illegible] in teers sufficiently attests. I shood not hev labored so despritly for it [illegible] that my esteemed colleague Blair wuz to hev been put upon the ticket with me. He hezn't character enuff. The fact iz he iz weakness itself. He hezn't got the discretion onto to wich I pride myself, he isn't honist, and wat is more, he hezn't the faculty uv making the people bleeve that he is honist, wich wood do just as well. He hezn't got the gentlemanly characteristicks wich is so necessary for candidacy for high posishens, and he writ the Brodhead letter. With teers blottin the paper onto wich I write, I am forced to assert that Ginral Blare is the Jonah uv the Dimocratic ship, and he must be thrown overbord to stil the waves. Shood this be dun, and shood it save the ship, I wil be his whale. He kin rattle around in me till I vomit him ashore in some high and dry spot. Blare must be throne overboard to strengthen the party. God bless you.

HORASHO SEYMORE.

The next wuz from Ginral Blare:

ST LOUIS, Oct 26, 1868.

SIR: I agree with you that sumthin must be did. The prospect isn't encouragin by any means. Seymore is the Jonah in the Democratic ship, and he must be throwd overbord to save it. Shood this be dun and shood we thereby succeed, I wil be his whale. A respectable furrin mishen wich would not require respectability without brains—wich is to say, deportment without brains—could be pervided for him. But overbord Seymore must go to strengthen the ticket.

FRANK P. BLARE.

The next wuz from Hon John Morissey:

SIR: The nominashun uv Seymore and Blare wuz a bad go. The tikit hez no strength and I am not riskin a dollar on it. With [illegible] em both—put new horses on the track, and [illegible] at this late day let's go in to win. Seymore and Blare must be thrown overbord that we may hev a strong ticket. Shood we succeed, I wil yoose mi influence, give em both [illegible] in the New York Custom House. But overbord they must go.

JOHN MORISEY, M. C.

Then we opened one from His Excellency, A. Johnson:

SIR: It is my candid opinion (and I have [never] bin mistaken) that the Constitooshen wich I hev vainly attemptid to save is in danger; so much so that is probably now out uv my power to do anything for it. It is clear to me that Seymore shood withdraw to strengthen the tickit, but his withdrawal wil not save him from defeat, ez I hev determined not to permit my name to be used under any circumstances. Hed I bin nominated at the beginnin, with a proper man ez second, say [illegible], for instance, this terrible trouble wood not now be onto us, but it is ez it is. May Heaven protect the Constitooshen. It wood be well to withdraw Seymore.

Yours for the Constitooshen,

A. JOHNSON.

Cheef Justice Chase writ ez follows:

SIR: I attemptid to lift the Dimocratic party up a inch or two, bein willin myself to go down a mile to accomplish it. But it [wou]ldent be lifted. On the contrary, it insulted me with half votes. Therefore, I hev no sympathy with the organizashun. Uv course Seymore is a ded weight, and, ef I may be allowed to use a phrase borrered from my associates uv last summer, Blare is a ded beat, and it wood be well to withdraw em both, but it's too late to do any good, ez I will not permit my name to be yused under any circumstances. By all means withdraw Seymore & Blare, ez nether uv them are fit for the posishun wich yoo have assigned em.

S. P. CHASE.

There were perhaps a dozen more, and all uv em reported the same coarse, the withdrawal uv Seymore & Blare on account uv [illegible], both uv those gentlemen even agreeing ez to the unfitness uv the other. But no one offered to take the vacant place cepting Montgomery Blare, who remarkt that it mite be well to put him on the ticket with Frank. No conclooshun wuz arrived at, and the consulters dispersed with a great cloud hanging over them.

It reely seems to me ez tho the eleckshun uv Grant and Colfax wuz inevitable, and that after all I shel be turned out in my old age to [grass], ez Nebuchadnezzar wuz. Pollock will get the Postoffis and Joe Bigler will be his deputy. Well there is groseries to keep, and it will go hard ef I can't make a livin at that.

SAWING OFF THE HORNS OF CATTLE.—Professor Spooner, President of the Veterinary College, London, on a trial in Dublin gave the following evidence:

I have said that I consider this to be a very great act of cruelty, and for this reason: the horns of oxen are unlike those of the deer species. They have a large projection of bone growing out from the bone of the head, and that is surrounded by a heavy sensitive structure, so that, to cut the horns, they had to go below where it was simply horny, and the animal had to suffer great pain. The nearer the operation was performed to the skull the greater the suffering. That bone was hollow—that is to say, it had not one single horned cavity—but it had several cells which extended into the head though not to the brain, but close to it. These cavities were exposed, by the removal of the horns, to the air; and as they were lined with a delicate sensitive membrane—there being besides a delicate sensitive covering outside, great suffering must be caused. The cavities were never intended by nature to be exposed to the air, which brought on an inflammatory condition. These cavities were very apt to be inflamed, and the inflammation was very likely to be extended to the membranes of the brain, causing madness, lockjaw, or other dangerous results. This operation is one of the most painful and unwarrantable that could possibly be performed on cattle.

It is a handy thing for New Jersey that she is next door to New York. Repeaters have only to cross the ferry after doing duty in the latter city and serve their country in Jersey City. In one ward, where the Democrats had a majority, there were more votes cast than the whole number of inhabitants, including men, women and children. The State was carried for Seymour by about 2,500 majority, and it is easy to see where it all came from.

Sweddle thinks that instead of giving credit to whom it is due, the cash had better be paid.

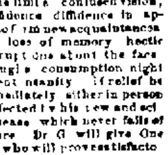
TO THE UNFORTUNATE.
NEW REMEDIES, NEW REMEDIES
Dr Gibbon's Dispensary,



616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation they stand suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible life destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private diseases his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them, nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who with bogus sworn to certificates dupe the unwary. Some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trade. Some are blacksmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets, for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER. Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*.
